VALERIE SNEADE

The CABARET Series

Perfect for a "dinner and a show" option ... or for theater-style seating. Cabaret shows are budget-friendly and are best when performed in a more intimate venue.

The rise of a musical legend ... from her early hits that have been almost forgotten ... to the chart-toppers that have made her an icon of female entertainers everywhere.

Valerie's show toured nationally to critical acclaim, and was nominated for an award by the Independent Reviewers of New England.

Vamps & Vixens

The legendary torch singers and sirens who set our hearts on fire

You know their names ... the women who took hold of the mike and seduced us with their vibrant energy and sultry, scorching vocals: Peggy Lee, Linda Ronstadt, Diana Ross, Lesley Gore, Dusty Springfield, Aretha Franklin, Donna Summer, Bette Midler. Valerie takes a cue from these *femmes fatales* and sets the room ablaze with her renditions of classic tunes and torch songs.

In this hats-off to Hollywood, Valerie selects some of the greatest songs to ever come out of Tinseltown. When she sings, you'll know why they call it The Dream Factory.
